

# JuJu

Given its exotic name, you'd be forgiven for thinking that **JuJu** (right) is located in the wilds of Africa – yet this couldn't be further from the truth. The quintessentially classic and elegant district of Chelsea is home to London's latest instalment on the bar scene, and it's really

making waves – winning Best New Bar at The London Club And Bar Awards 2009. This champagne and cocktail lounge houses a dramatic yet intimate interior – dark textiles are offset by yellow-gold accents, while the drinks list is just as bold, with a great selection of innovative cocktails. Mon-Sun 17.00-01.00.

**316-318 Kings Road, SW3.** ☎ 020 7351 5998.
